### About us:

The Old Saw Mill, [www.theoldsawmill.org](http://www.theoldsawmill.org), is a community café and meeting place. We exist to provide fellowship and good food to the both the able and particularly less able of the town. We're staffed mostly by volunteers with staff to keep us legal honest and decent!

In 2016 Congleton Sustainability Group acquired these premises and refurbished them to process resident's surplus and windfall apples to make Old Saw Mill Apple Juice, ciders and cider vinegars. It is a Congleton Partnership project see more here – [www.congletonpartnership.co.uk](http://www.congletonpartnership.co.uk).

We opened in October 2016 having started from a big mess! First juicing in in August 2017. Welcomed Prince Charles and the Camilla Duchess of Cornwall in January 2018. We serve Christmas Day Lunch every year at the café or at home (2020 Covid!).

The Old Saw Mill is a Community Benefit Society owned through its **Community Benefit Membership Scheme**. Lots more information see our leaflets in the café or at [www.theoldsawmill.org](http://www.theoldsawmill.org) and [Facebook/The Old Saw Mill](https://www.facebook.com/TheOldSawMill).
